**How to combine the Online Sales with
Face-to-Face Sales**

Available in mid-September

Unit Prize Order Screen:

The message at the top indicates the online sales can now be combined with face-to-face sales and leaders need to “Log in to Trails-End.com” to download the report showing the online sales by Scout and in total.

You will be directed to the SIGN IN page after clicking the link on the Unit Prize Order Screen. You will need to create an account or login to View Online Sales. This is different than your Popcorn System login.

Scout

All Prize orders for Scouts must be entered at the unit level. The Scout link is no longer visible in the Popcorn System. But, if a Scout happens to get to this page, the message below will be displayed.

The screenshot shows a web interface with a decorative top navigation bar containing links: My Info, Set Goal, Ordering, Games, Resources, Printing, Home, and Exit. Below the navigation bar is a form titled "Set your Sales Goal!". The form includes a "Sales Goal:" label followed by a text input field. Below this is the label "Choose Patch or Pin" with two radio button options: "Patch" and "Pin". A "Save Changes" button is located below the radio buttons. A thick blue horizontal line is positioned below the "Save Changes" button. A red oval highlights the text: "*Please give your Scout Rewards order to your Unit leader." A red arrow points from a red-bordered box containing the text "See Feature Spec document for alternate wording for Canada" to the red oval.
